

NEW CarbonParts EC Mount

Product Overview

On 1st of January 2018 a class rule change comes into force. Electronic compasses are now allowed.

Therefore, CarbonParts has developed a new product: The CarbonParts EC Mount. It is a carbon mount for the “Raymarine T060 Micro

Compass”, as this is the most popular electronic compass in dinghy racing.

Benefits

- Same functionality as our “old” design
- No ropes get caught
- Lighter
- Easier to mount
- Cheaper
- Ready for the rule change

Availability

We are ready for pre-orders. The first shipping date will be the 2nd of January 2018.
